“NO PARKING” Restrictions

MSRA has received concerns from residents of District 10 regarding overnight and early morning parking of participants that want to enter the fairgrounds when it opens in the morning. As a result of these concerns, and further discussions with District 10, there will be no participant vehicle overnight or early morning parking permitted in the designated area (shown on map by diagonal lines) between

midnight and 6:00am. There will be additional police patrols in the area during those hours; and, if you are parked in the designated area you will be asked to move. The designated area is within the boundaries of Snelling Avenue on the West, Larpenteur Avenue on the North, Hamline Avenue on the East, and Como Avenue on the South. See map for additional information.

Participants Vehicle Gates 6:00 - 8:00 a.m. Friday and Saturday ONLY!
