

# Blood Donor App

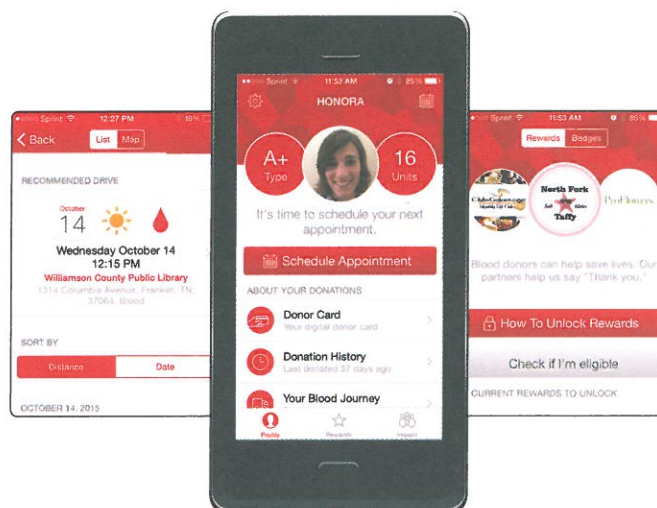

The Red Cross Blood Donor App puts the power to save lives in the palm of your hand.

Easily schedule appointments, access your donor card, track donations, get rewards and more.

Download the free Red Cross Blood Donor App now.

Text **BLOODAPP** to **90999\*** to get the app that helps save lives. Or, search **Red Cross Blood** on the App Store<sup>SM</sup> or on the Google Play<sup>TM</sup> store.

## How to create a team

Here's how you can create a digital team for your blood drive, which is a great way to create a competition, while helping to save lives.

1. Click on **Impact** on the bottom right of your screen.
2. At the top of the screen, click **My Team**.
3. Click **Create or join a team** on the center of the screen.
4. Type the team name in the **Enter team name** field. The app will offer suggestions or existing teams with that name, if applicable. Scroll below the suggestions and click **Create Team**.

5. A message asking you to confirm you want to create and become a member of the team will appear. Click **Create**.
6. There are two options to invite others on the **My Team** tab. Click **Recruit Others** or **Invite more to your team**. You can send a pre-written text or email message inviting others to your team. The message reads: *Join my team and help <team name> help save even more lives!* The message also includes a link to join.
