

Back to the 50's Model Car Contest

By Gary Krueger #667

As Back to the 50's nears the starting line I have a few things for the modelers and kids building kits at the show.

- 1) There is lots of interest in the Survivors Table. We must limit entries to 3 per person.
- 2) Please go to msra.com, print off a registration form and bring it to the contest completely filled out.
- 3) Help spread the word in the model car world of our move from the Grandstand to the Education Building with the Cruise-N-Arts Crafts.
- 4) We have new judges this year and a new policy for judges and volunteers.
 - Our 3 new judges cannot enter their models in the competition as it has always been but if they have immediate family members who want to enter the competition they will be able to. Each entry will be judged by 3 judges and when a family member of the head judge's model is judged there will be 2 alternate judges to fill in for 2 of the 3 main judges.
 - All volunteers can now enter their models in the competition since they are not involved with the judging. Some of our volunteers are national and even International competitors and champions. It is better for all of us that these talented people are willing to help our contest continue to get better and we are grateful for them.

See you there!! (By the Crusin' Arts Crafts Fair)
